Detroit Street Rebuild and Flint Ridge Sidewalks - Frequently Asked Questions

What work will be completed on my street?

The major work items planned for your street are as follows:

- Complete removal and replacement of the roadway and curb
- Removal and replacement of your driveway approach
- Flint Ridge Drive will only include new sidewalks on both sides of the roadway, as well as driveway approaches.

How long will my road be closed for the street rebuilds?

The contract allows for a complete roadway closure of 16 days. There will be additional intermittent interruptions to traffic for the work, but full closures should be limited to approximately 16 days (weather dependent). Traffic and access will be maintained for the Flint Ridge Sidewalk project.

How will my trash service be handled?

The City will provide dumpsters at designated locations for each street project. Golf carts will be provided by the contractor to help residents transport trash from their homes to the provided dumpsters.

Where will I be able to park my vehicle?

During the roadway closure, parking will be available on adjacent roadways in the area. We understand the inconvenience of hauling groceries, etc. long distances to your home, so the contractor will provide golf carts to help transport heavy loads from your home to your vehicle and vice versa.

How will I be notified of project updates, etc. during construction?

Door hangers will be provided throughout construction to provide residents with any pertinent notifications, or updates regarding the roadway construction.

What are the typical working hours?

General construction hours shall be ½ hour before sunrise to ½ hour after sunset Monday through Saturday. The contractor will not be allowed to perform work on City observed Holidays.

When is the construction expected to begin?

The tentative project schedule for construction is as follows:

<u>Project Location</u>	<u>Project Start Date</u>	<u>Completion Date</u>
Amesbury Drive (3 Phases)	5/31/16	7/20/16
Littlebury Way	6/6/16	6/22/16
Codet Road	6/6/16	6/22/16
Dunchurch Road	6/13/16	6/29/16
Dunbarton Road	7/21/16	8/6/16
Brookhaven Drive	8/8/16	8/24/16
Flint Ridge Drive Sidewalk	5/16/16	6/13/16

Who is the general contractor that will be performing the work?

The general contractor performing the work is Shelly and Sands Construction Company. This company has worked for the City in the past with good results.

Who do I contact with any questions or concerns regarding the construction project?

Grant Crawford, City of Gahanna Project Administrator

Phone : 614-342-4005

Email: grant.crawford@gahanna.gov
